

Cookie Policy

Our cookie policy explains what cookies are, why we use cookies and information about your rights in connection with cookies.

Who we are

This website, and the Simple Little Library System and KnowAll Matrix software, are owned and maintained by Bailey Solutions Limited. Our website address is: <https://baileysolutions.co.uk>

Why do we use cookies?

If you leave a comment on our site you may opt in to saving your name, email address and website in cookies. These are for your convenience so that you do not have to fill in your details again when you leave another comment. These cookies will last for one year.

If you visit our login page, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser.

When you log in, we will also set up several cookies to save your login information and your screen display choices. Login cookies last for two days, and screen options cookies last for a year. If you select "Remember Me", your login will persist for two weeks. If you log out of your account, the login cookies will be removed.

If you edit or publish an article, an additional cookie will be saved in your browser. This cookie includes no personal data and simply indicates the post ID of the article you just edited. It expires after 1 day.

What is a cookie?

A cookie is a small text file that may be placed on your computer's hard drive when you visit a website so that the site can remember who you are. A cookie will typically contain the name of the domain from which the cookie has come, the "lifetime" of the cookie, and a value, usually a randomly generated unique number. The only personal information a cookie can contain is the information that you supply yourself. A cookie cannot read data from your hard disk or read any other cookie files created by other websites. You can find more information on cookies, their use and your rights, if you visit <http://www.allaboutcookies.org>

How we use cookies

We use cookies which are generated by a third party to enable us to track user trends in association with web beacons, to ensure the website is structured in a user-friendly manner. The cookies that are issued merely contain a unique number and therefore contain no personal data. They have a lifetime of 5 years. Data collected by cookies will not otherwise be passed to any third party, the data is kept for internal use only. Our cookies will not be used to analyse your visits to other sites. You have options with regards to cookies. By changing the settings of your browser, you may opt to accept cookies, to be informed when a cookie is being placed on your PC or to reject all cookies.

You may refuse to accept cookies by activating the setting on your browser which allows you to refuse the setting of cookies. However, if you select this setting you may be unable to access certain parts of our site. Unless you have adjusted your browser setting so that it will refuse cookies, our system will issue cookies when you log on to our site.

What is a web beacon?

Some of our web pages may contain electronic images known as web beacons (or sometimes known as clear gifs or web bugs) that allow us to count users who have visited our web pages. Web beacons collect limited information such as a cookie number time and date of a page view, and a description of the page on which the web beacon resides. These beacons do not carry any personally identifiable information and are only used to track the effectiveness of our site or particular campaigns.

More information

You can find more information on cookies & web beacons, their use and your rights, if you visit <http://www.allaboutcookies.org>
